FRGS03 Contraceptive Promotion and Access for Young People: A Development Challenge

GV Panel Discussion

Venue: Youth Pavilion

Time: Friday 25 July, 11:00-12:00

Chair: Oluwasijibomi Ojajuni Paul, Nigeria

This panel discussion will highlight the work of the International Youth Alliance on Family Planning and Hacey's Health Initiative. Panellists will discuss youth-led solutions to ensure the provision of contraceptive services and information is a key element of HIV programmes. Integrating family planning into HIV interventions is beyond a health issue, it is a development challenge. Presenters will demonstrate the importance of acquiring skills in policy advocacy to compliment programming efforts. There will be an emphasis on learning how to engage other sectors to ensure a multi-sectoral approach. Participants will learn from practical examples about how to engage their government, leaders and community elders to ensure effective contraceptive promotion and access for young people.

FRGS05 Treatment, Care and Support Session

GV Panel Discussion

Venue: Community Dialogue Space

Time: Friday 25 July, 11:00-12:15

This session will provide a tool for community mobilization in increasing knowledge on HIV/AIDS and uptake of PMTCT services. It will also help identify achievements in systematic changes at the regional level to improve the quality of life (treatment, diagnosis, care and support) of people living with HIV.

FRGS01 Integrated Community Engagement and Social Marketing for HIV Prevention for Men Who Have Sex with Men in New Zealand

GV Presentation with Q&A

Venue: Clarendon Auditorium

Time: Friday 25 July, 11:00-12:00

Chair: Nick Laing, New Zealand

The 'Love Your Condom' campaign has been one of the most successful strategies of the New Zealand AIDS Foundation in addressing HIV infection rates amongst men who have sex with men in the country. This session will comprise presentations outlining key elements of this success including the solid evidence base upon which it was designed, and the unique community engagement and social marketing methods it has employed, and the careful targeting of different sub-cultural and ethnic groups including youth, Maori and Pacific Islanders.

FRGS02 Thirty Years On and What Have We Learnt?: HIV and Ageing

GV Presentation with Q&A

Venue: Clarendon Room D&E

Time: Friday 25 July, 11:00-12:00

Co-Chairs: Lizzi Craig, Australia
Diedre Byrne, Australia

Narratives are a powerful tool in identifying issues and common trends amongst the HIV positive ageing population. There is a huge challenge for service providers to work towards the elimination of social views that perpetuate HIV stigma and discrimination. This session will look at some of these issues and trends through a presentation and interactive role play exercise demonstrating the use of narrative story-telling techniques. It will also offer an opportunity to explore how the community sector can work collaboratively in partnership to overcome and address issues facing the ageing HIV positive community.

FRCA01 Cross Country / Cross Cultures

GV Theatre

Venue: Main Stage

Time: Friday 25 July, 11:00-11:30

'Cross Country / Cross Cultures' is a contemporary performance piece that engages Aboriginal and culturally and linguistically diverse artists in a peer mentored and devised theatre production. This production uses theatre to humanise the experience of isolation and explores how distance, displacement and being removed from one's country and culture contributes towards stigma and disease. Stigma and discrimination towards people living with HIV or Hepatitis C (HCV) has been associated with negative health outcomes for affected populations both within Australia and internationally. Performed by the Sharing Stories Youth Theatre from Western Australia, this production highlights the ongoing practice and cultural history of isolating people from community, creating stigma and shame.

FRCA03 Aa Muskuraa (Come, Smile) | Feature Film

GV Film Screening

Venue: Clarendon Room C

Time: Friday 25 July, 11:00-12:30

Friday 25 July | Programme Activities

This fictional feature film is designed to build communication skills among counsellors who work with people at risk of HIV. The film follows Priya, a young counsellor who faces new challenges every day as she works in a clinic at a government hospital in India. Using a narrative format interlaced with humour and drama, and based on real life incidents and experiences of counsellors working with different key populations; 'Come Smile' is a powerful film that is designed to be an education tool for the counsellors of tomorrow. The film was produced by Johns Hopkins Bloomberg School of Public Health, for NACO (National AIDS Control Organization) of India with inputs from Humsafar Trust and practicing counsellors from several regions across India. Run Time: 70 mins. Language: Hindi with English subtitles.
