## MOGS01 Engaging Parliamentarians to Get to Triple Zero

GV Panel Discussion

**Venue:** Clarendon Auditorium

**Time:** Monday 21 July, 12:30-14:00

**Chair:** John Hyde, Thailand

In this panel discussion, political leaders from Asia and the Pacific will share experiences and give their critical reflections on the distinct leadership role of parliamentarians and their networks in achieving the triple zero challenge: zero new HIV infections, zero discrimination and zero AIDS-related deaths by 2015. Panellists will present some of the best reproductive health, HIV and AIDS advocacy and policy practices that have contributed to ensuring inclusion, non-discrimination and inequality are priorities. The session will also illustrate country-level partnerships between parliamentarians and government officials, community-based organisations and other stakeholders that have led to effective advocacy and policy practices.

### Introduction

*J.Hyde, Thailand*

### How political leaders and parliamentarians can be engaged in RH and HIV/AIDS advocacy and what they can do in helping countries Get to Zero

## MOGS03 Like Me, Tweet Me, Post Me: Community Innovations Using Mobile and Online Technology for Youth HIV Programming

GV Panel Discussion

**Venue:** Youth Pavilion

**Time:** Monday 21 July, 12:30-14:00

**Chair:** Laurindo Garcia, Philippines

This talk show style session will highlight examples of community-based HIV programming for men who have sex with men and transgender communities using internet and communication technology. Representatives from The Global Fund, UNAIDS and PEPFAR will discuss how their agencies support technology for these populations globally, look at the future of funding and programming in this area, and assess the potential for new regional and country-level initiatives. #MSMTransTech is the hashtag for the event and participants in this session will be encouraged to post photos, record videos and live tweet their responses to the topic. Relevant tweets and key HIV resources associated with this session will also be shared on a dedicated Facebook page.

## MOGS02 Key Populations = Key Solutions: Launch of M-Coalition, the First Regional Entity Working on HIV Among Men who have Sex with Men in the Arab Region

GV Presentation with Q&A

**Venue:** Clarendon Room D&E

**Time:** Monday 21 July, 12:30-14:00

**Co-Chairs:** Georges Azzi, Lebanon  
Johnny Tohme, Lebanon  
Nadia Rafif, Morocco

While the common understanding is that the Arab region is considered to have low HIV prevalence, epidemiological data shows that men who have sex with men (MSM) are disproportionately represented in HIV infection rates. Several Arab countries have started implementing activities targeting key affected populations including MSM, however the coverage and the impact of such activities remains insufficient. This session will provide an outline of the HIV epidemic among MSM in the Middle East and North Africa region, and look at some innovative projects such as the establishment of men's health clinics which provide a package of services including HIV testing and counselling, education and treatment for positive men, psycho-social support and referrals to MSM friendly-practitioners. The audience will provide input into mapping the way forward for a regional coalition of actors working on MSM's health and human rights issues.

### **MOCA02 Stepping Up: Melbourne Gay and Lesbian Chorus and the Melbourne Gay and Lesbian Youth Chorus**

GV Performance

**Venue: Main Stage**

**Time: Monday 21 July, 12:30-13:00**

An award-winning and dynamic community choir, the Melbourne Gay and Lesbian Chorus (MGLC) was founded in 1990 as the first gay and lesbian choir in Australia. Now celebrating its 25th season, MGLC is part of a growing international LGBTIQ choral movement. Presenting a variety of musical styles, this performance will also feature the Melbourne Gay and Lesbian Youth Chorus (established in 2005). Tearing the proverbial roof off with a chorus of uplifting, soulful voices, the combined choirs will celebrate diversity through song while challenging the discrimination and stigma of HIV. Featuring songs that explore various challenges faced by people living with HIV, MGLC is a continuing, strong advocate of and for a voice for the local and global LGBTIQ community.

### **MOCA11 Positively Fabulous+ Women's Voices | Feature Documentary**

GV Film Screening

**Venue: Clarendon Room C**

**Time: Monday 21 July, 14:30-15:30**

Created in partnership with Change Media, 'Positively Fabulous+ Ma'dam Kim' is a large-scale interdisciplinary health-arts campaign, connecting women living with HIV and global communities. This documentary provides inspiring insight into the true life stories of fabulous women living with HIV as they openly discuss how they combat societal fears and misconceptions about HIV. The film follows artist Kim Davis' flamboyant journey through Jakarta, Bangkok and Melbourne which debunks myths and highlights key issues for people living with HIV across these cities. Up close and personal, the stories reveal a common thread for cultural-democracy, encouragement for women's self-awareness and leadership, and promote women as 'warriors' and not 'vectors', 'victims' or 'carriers'. A question and answer session will follow the screening. Run Time: 45 mins.

### **MOCA12 Pacific and Maori Voices | Short Documentary**

GV Film Screening

**Venue: Clarendon Room C**

**Time: Monday 21 July, 15:50-16:50**

Produced by the New Zealand AIDS Foundation (NZAF), 'Pacific Voices' and 'T&#363; Mai Takatapui' are two short educational films that were developed as part of the Pacific Voices project. The 'Pacific Voices' project provided an opportunity for Pacific and Maori People to speak up and be heard through interviews conducted at the bi-annual 'Love Life Fono', a two-day residential workshop for Pacific people. Sexual minorities are some of the communities most at risk of HIV, and are often silent voices in Maori and Pacific cultures. 'T&#363; Mai Takatapui' was designed to help whanau (family) understand and support their loved ones who are coming to terms with their sexuality or gender identity. These two resource films highlight the strength of support networks available to Takatapui (same sex attracted Maori men) and provide valuable information for those who are looking to 'come out' to their families and community. A question and answer session will follow the screening. Run Time: 25 mins; 18 mins.

**MOGS06 What Sustains You?: Resisting Burnout in the Face of HIV Activism and Social Justice Work**

GV Workshop

**Venue:** Youth Pavilion

**Time:** Monday 21 July, 16:00-17:30

**Level:** Intermediate

**Target audience:** Advocate, General educator/trainer

**Seating limit:** 150

**Co-Facilitators:** Shinen Wong, Australia  
Benjamin Oh, Australia

Working at the front lines of HIV activism places many demands on the individual and challenges are often beyond our control, such as structural inequalities, political and social environments, legal barriers, homophobia and violence. These challenges can leave individuals working feeling overwhelmed and burnt-out. While much focus has been given to issues such as policy, advocacy, research and community engagement, the HIV sector is still lacking a 'language' to talk about self-care. This workshop will look to address this by building the capacity for self-reflective practice, ensuring accountability to those we serve and to ourselves. This session will include presentations, personal narratives and a group exercise on mindfulness.

**Introduction, ground rules and mindfulness icebreaker**

*S. Wong, Australia*

**Group Exercise: Looking within – the stories we tell ourselves.**

**Anecdotes and personal narratives from sector workers and social justice activists**

**Group exercise: Mindfulness practice in telling your own story**

**Wrap up and reflections**
